DIVISION 11 – EQUIPMENT**

DIVISION 11 - EQUIPMENT

11 00 00 - GENERAL INFORMATION

A. Fixed and movable equipment:

1. Fixed equipment shall generally be furnished and installed by the General Contractor as part of the construction contract.
2. Movable equipment shall, as a rule, be a separate bid item not included in the general construction contract. Provisions for installation however, (mechanical, electrical and plumbing), may be included in the Contract Documents.

11 40 00 - FOODSERVICE EQUIPMENT

A. General Information:

1. All food service equipment and installation shall be approved by the University's Environmental Health Services and shall be coordinated with the University Project Manager/Representative. All food service equipment shall be approved and stamped with National Sanitation Foundation numbers.
2. See specific section related to food service equipment and related accessories.

11 70 00 – HEALTHCARE EQUIPMENT

A. Automated External Defibrillators (AED):

1. AED's shall be included in new and remodel construction drawings.
2. Environmental Health Services will determine quantity and location of AED devices. Information can be obtained from the University Project Manager/Representative.
